

Cars of the future already on the road - WTOC-TV: Savannah, Beaufort, SC, News, Weather & Sports

"We are nationally ranked for being a green campus," noted GSU president Dr. Brooks Keel. "Whether it is to save fuel, save money, or save the environment, this is important to us."

Echols also said he anticipates two natural gas refueling stations in Savannah in the near future. The visit to GSU was one of only six stops around Georgia.
